Motor Vehicle Regulations

VISITOR'S PERMIT

Non-resident cars may be operated within the State of Arizona for full period of time the home State registration is valid, without affecting registration, providing the owner registers within ten days of the time of arrival, and secures a no fee Visitor's Permit. These permits may be procured from any State Highway patrolman, or at any of the State Highway Checking Stations; also the main office of the Highway Patrol in Phoenix, Arizona.

OPERATOR'S LICENSE

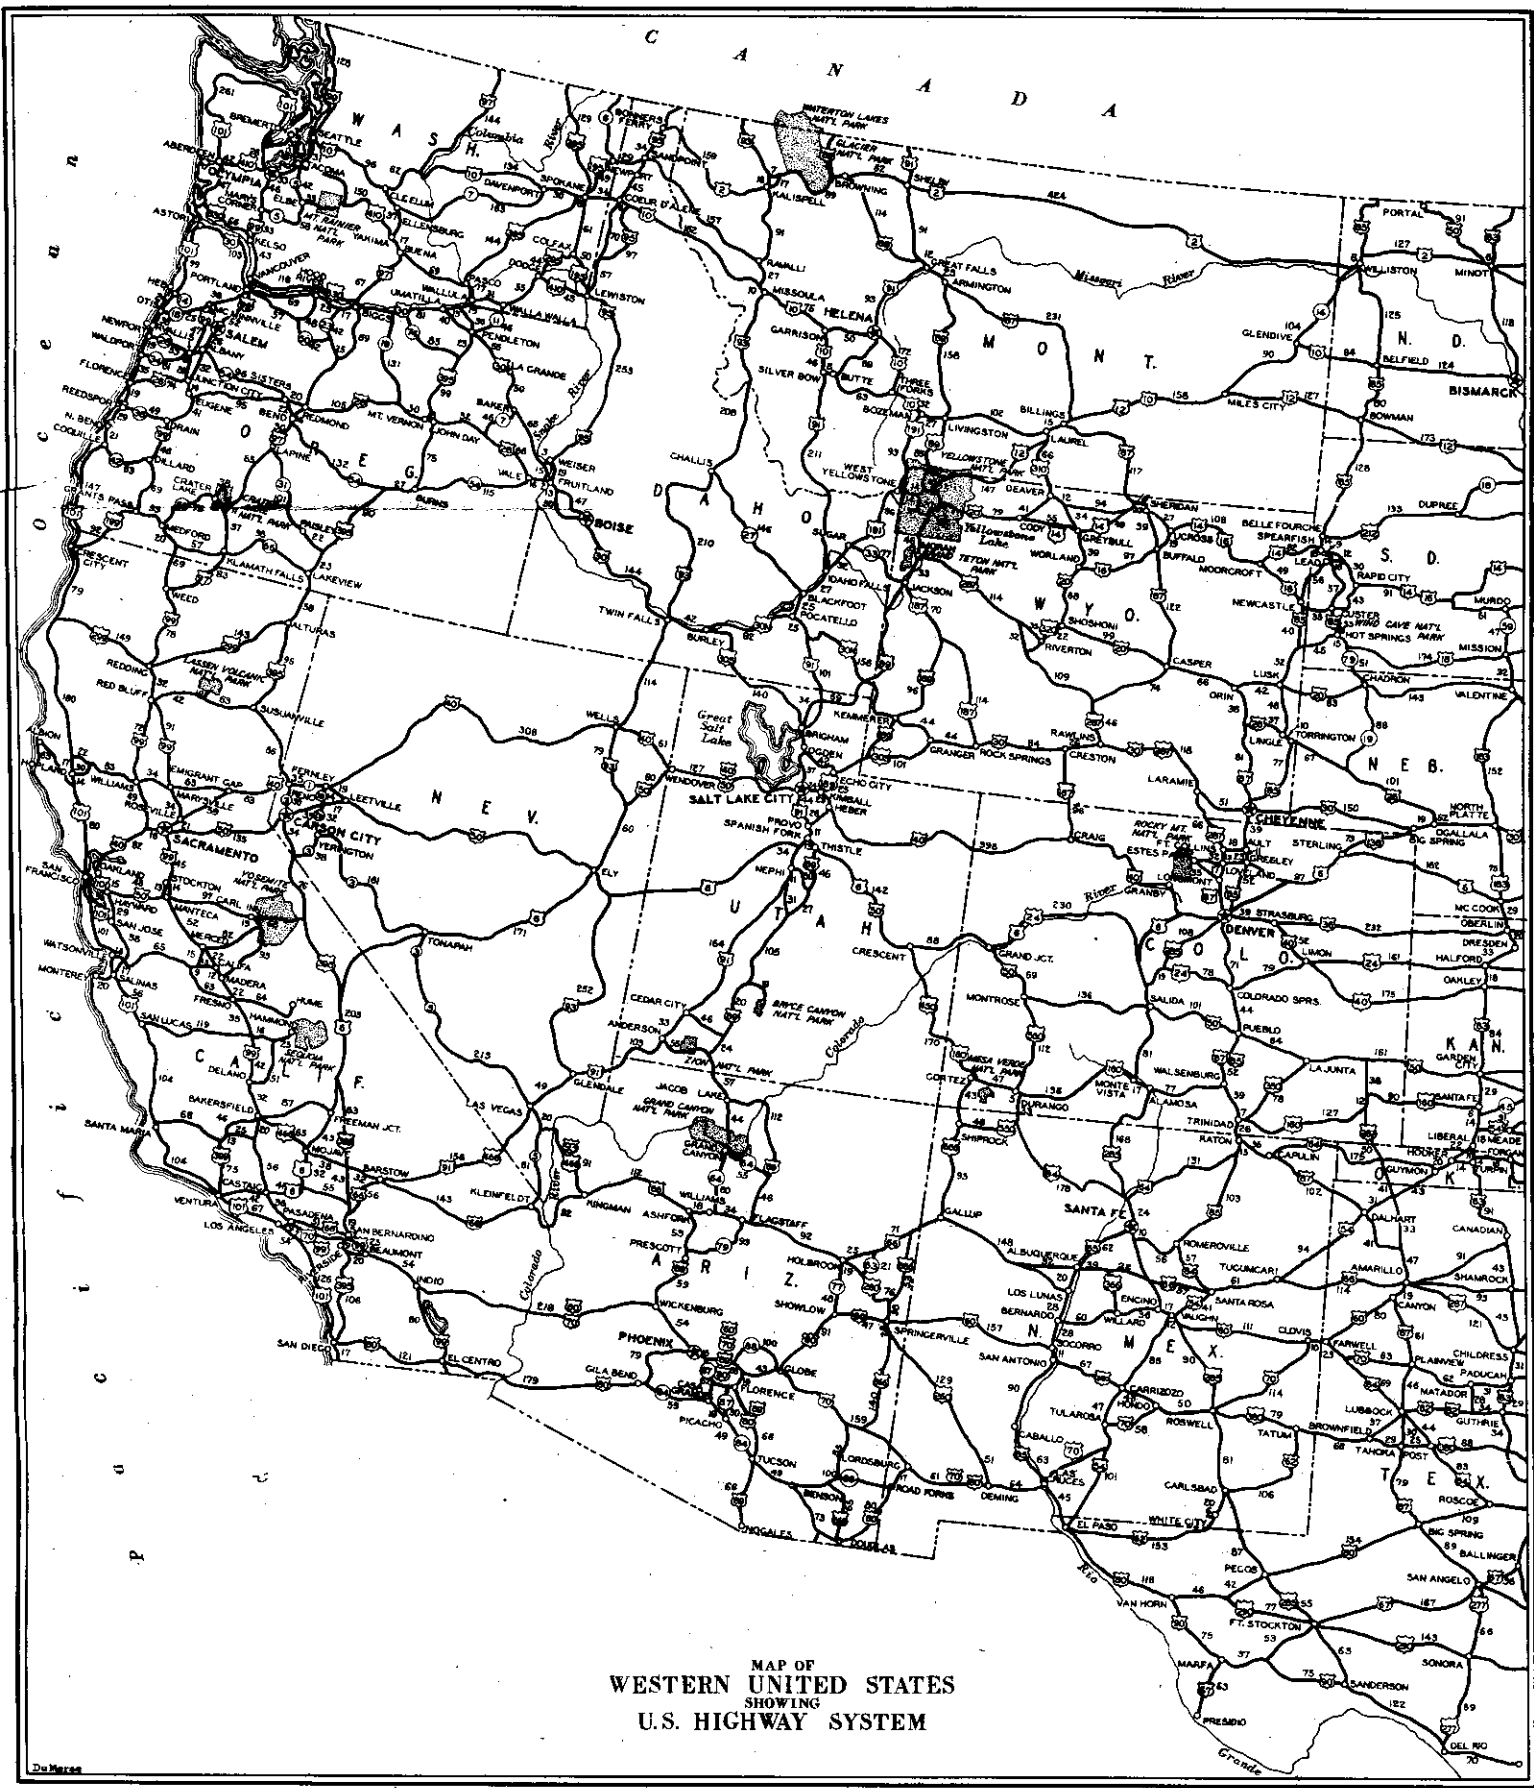

Non-resident owners, from states not requiring operator's license, may operate their vehicles thirty days, before securing an operator's license. Valid licenses from other states are honored.

ACCIDENTS

Whenever the driver of a motor vehicle is involved in an accident where a person is injured, or there is any apparent property damage in excess of \$50.00, the driver must report to the Police Department if such accident occurred within the limits of the City, and if without the City limits, to the Sheriff or a Highway patrolman, on the forms furnished and approved by the Motor Vehicle Division.

DO NOTS

- Do Not operate any motor vehicle without driver's license.
- Do Not forget to give proper arm signal.
- Do Not attempt to pass a vehicle unless the road ahead is clear.
- Do Not cut short after passing a vehicle.
- Do Not pass a vehicle going in the same direction at an intersection.
- Do Not disregard rights of way. The vehicle approaching from the right has the right of way: give it to him.
- Do Not park on traveled portion of highway, and NEVER park or stop on bridges.
- Do Not carry luggage projecting more than 6 inches on the left side of car.
- Do Not fail to observe STOP signs on entering main traveled highways.
- Do Not drive a car without proper license.
- Do Not fail to give aid in case of accident.
- Do Not deface or remove road signs.
- Do Not use a headlight with a glare or dazzle.
- Do Not throw glass, nails, tacks, wire or cans in the highway.
- Do Not leave rocks in roadway.
- Do Not fail to observe speed zones.
- Do Not take a chance. A few seconds is the only difference between safety and an accident.

TABLE OF DISTANCES

The mileages given below were computed over the shortest and most feasible routes between points indicated. In case two routes are of equal length, the route following the State or Federal route is given, as between Globe and Prescott the mileage shown is via Phoenix, but if distance via Payson is required add mileage shown between Globe and Payson, and Prescott and Payson. All distances compiled from most reliable sources available.

POINTS OF INTEREST

1—BOULDER DAM—Located 72 miles north of Kingman, the largest of all federal reclamation projects and one of the greatest engineering feats of all time. Boulder Dam is the highest dam in the world, 727 feet high, reservoir 115 miles long, covering 227 square miles with a storage capacity of 30,500,000 acre feet, at a construction cost of \$165,000,000.

2—FORTIFICATION MOUNTAIN—A spectacle of surpassing beauty, with flaming red base, black sides and flat top. An excellent view may be had from Boulder Dam—Kingman Highway.

3—NAVAJO BRIDGE—Seven miles below the historic Lee's Ferry. The bridge floor is 467 feet above the water level of the Colorado River, the span across being 616 feet in length.

4—DINOSAUR CANYON—Sixty miles north of Flagstaff, flanked by immense rocks on which are found tracks of the dinosaur.

5—RAINBOW BRIDGE — NATIONAL MONUMENT — Located 190 miles north of Flagstaff (in Utah). The bridge is 309 feet high and has a span of 278 feet across Bridge Canyon.

6—OAK CREEK CANYON—Located in the eastern part of Yavapai County and the southern part of Coconino County, a favorite resort of the angler. Is accounted to be second only in beauty and marvelous coloring to the Grand Canyon.

7—METEOR MOUNTAIN—Regarded as one of Arizona's strangest wonders, formed by the landing of some visitor from outer space. It is 21 miles west of Winslow.

8—MONTEZUMA WELL—A cup shaped lake, 78 feet below the surrounding terrain, 750 feet in diameter and fed by subterranean waters of which there is no recorded depth.

9—NATURAL BRIDGE—A result of limestone formation worn by erosion, 14 miles north of Payson and three miles from the main highway. A scenic wonder which yearly attracts many tourists.

10—LAKE PLEASANT DAM—A structure across the Agua Fria River, 35 miles northwest of Phoenix. The water impounded is used for irrigating the land to the south of the dam and east of the White Tank Mountains. The dam is 2,200 feet long and 261 feet high.

11—ROOSEVELT DAM—One of the first Federal reclamation projects, located 79 miles from Phoenix via the Apache Trail. The dam is 273 feet high and forms a lake 25 miles in length. When full the reservoir contains 1,637,000 acre feet of water.

12—HORSE MESA DAM—Forming Apache Lake, 60 miles from Phoenix, the first of the chain of lakes below Roosevelt dam.

13—MORMON FLAT DAM—Forming Canyon Lake, 47 miles from Phoenix and second in the Salt River Irrigation Project chain of reservoirs below Roosevelt.

14—STEWART MOUNTAIN DAM—The last dam constructed, forming Saguaro Lake. The dam is 1260 feet long and 212 feet in height.

15—APACHE TRAIL—Beginning at Apache Junction, 34 miles east of Phoenix, this world famous trail, once the dark and bloody stalking ground of the Apache, winds through gorgeous mountain scenery to Globe.

16—SOUTHWESTERN ARBORETUM — Between Florence Junction and Superior the late William Boyce Thompson founded this unique wonderland of plant life. Ten thousand varieties of plants from every continent are here assembled.

17—COOLIDGE DAM—Its waters are used to irrigate the Casa Grande Valley, it is situated on the Gila River 119 miles from Phoenix and 26 miles from Globe, height 250 feet, capacity 1,200,000 acre feet, largest multiple dome dam in the world. The highway—U. S. 70—crosses the top of the dam.

18—COLOSSAL CAVE—One of the state's wonders, 28 miles from Tucson and reached via U. S. 80 passing through Vail.

19—TOMBSTONE—One of the most famous mining towns in the West, at the height of its glory it was a city of equal importance with San Francisco.

20—SAN FRANCISCO PEAKS—Near Flagstaff, they tower over the surrounding plateau country at an elevation of 12,600 feet above sea level.

21—PAINTED DESERT—Here Nature has swung a reckless brush and painted the sands of the mountain sides to gorgeous hues. This famous scenic attraction may be viewed from Highway 66.

22—HOPI INDIAN VILLAGES—Walpi, Oraibi, Hotevilla, Chimpovi, etc., where the annual and world famous snake

dance is held late in July and early August. These villages may be reached from Holbrook or Winslow.

23—MISSION SAN XAVIER DEL BAC—Located nine miles south of Tucson, this mission is conceded to be the most beautiful mission structure in the Southwest. Established 1700.

24—PIPE SPRING—NATIONAL MONUMENT—One of Arizona's historical and picturesque spots. In the early pioneering days this section was the scene of many struggles between settlers and outlaws.

25—THE GRAND CANYON—NATIONAL MONUMENT AND PARK—The world's greatest natural wonder. For two hundred miles the Colorado River flows through this great canyon, appearing a mere thread when viewed from the rim a mile above. No words have been found adequate to describe the breath-taking beauty of this spectacle.

26—NAVAJO NATIONAL MONUMENT—Eighty miles from Flagstaff, one of the interesting features of the Navajo Indian reservation. Many prehistoric Indian ruins, ancient caves and cliff-dwellings delight the scientist and historian.

27—CANYON DE CHELLY—NATIONAL MONUMENT—Near the New Mexico border, may be reached by good roads from Winslow, Holbrook and Gallup, N. M.—Chinle Indian school is at the neck of the canyon.

28—WUPATKI—NATIONAL MONUMENT—Between Flagstaff and Tuba City, the government has set aside 35,865 acres for the preservation of the prehistoric Indian ruins found in this Monument.

29—SUNSET CRATER—NATIONAL MONUMENT—A cone-shaped crater of volcanic cinder, near Flagstaff, gray at the base and tapering to a red tip, which reflects the rays of the sun with gorgeous effect.

30—WALNUT CANYON—NATIONAL MONUMENT—Many cliff-dwellings make this one of the most interesting points in the state, within easy driving distance of Flagstaff.

31—PETRIFIED FOREST—NATIONAL MONUMENT—About 20 miles east of Holbrook, where the Petrified remains of prehistoric trees, some as large as 250 feet in length, blend in gorgeous hues.

32—MONTEZUMA CASTLE—NATIONAL MONUMENT—Its history shrouded in the mist of centuries, is located 54 miles east of Prescott, in the Verde Valley.

33—TONTO NATIONAL MONUMENT—Prehistoric cliff-dwellings in an excellent state of preservation, located just east of Roosevelt Dam on the Apache Trail.

34—SAGUARO NATIONAL MONUMENT—Near Tucson, where the government has set aside 160,000 acres in order to preserve the Giant Cactus which is typical of Arizona, the bloom of which is the state flower.

35—CHIRICAHUA NATIONAL MONUMENT—Nature has fashioned a weird and silent community through the erosive agency of wind and water. Sometimes called Rhyolite Park or Wonderland of Rocks, this monument is located in South-eastern Arizona and may be reached from Douglas, Bisbee or Tombstone.

36—TUMACACORI MISSION—NATIONAL MONUMENT—Established in 1690 by the Jesuit priest, Father Kino, the ruins of this structure show the Spanish influence characteristic of all missions built throughout the Southwest, and is a mute tribute to the thorough vandalism of the Apache Indian.

37—CASA GRANDE RUINS—NATIONAL MONUMENT—The well preserved ruins of a four-storied prehistoric community dwelling, with remains of an extensive canal system. The "calendar," and maze found in the walls have excited the scholarly interest and speculation of archaeologists from all parts of the world.

38—GRAND FALLS—Southeast of Cameron on the Little Colorado River. Falls and rapids of great scenic beauty.

39—COCHISE'S STRONGHOLD—Seven miles from U. S. Highway 666, in the heart of the Dragoon Mountains. For many years the hiding place of the great Apache chief.

40—SACRAMENTO PIT—Located at Bisbee, is one of the largest mines of its kind in the world. More than 20,000,000 tons of copper ore have been taken from this mine.

41—ORGAN PIPE CACTUS—NATIONAL MONUMENT—South of Ajo and bordering on Mexico. This cactus is so named because its branches resemble the pipes of the pipe organ. It grows as much as 20 feet tall and is one of the uncommon species of the cactus family.

42—TUZIGOOT NATIONAL MONUMENT—A pre-Columbian ruin dating about 1300 A. D. two miles east of Clarkdale on the east bank of the Verde River.

43—PUEBLO GRANDE—Ancient Indian ruin near Phoenix, extensively excavated, which flourished about 1200 A. D.
